

Quality & Environmental Policy

QUALITY & ENVIRONMENTAL POLICY

BP Med Limited | United Kingdom

Last Updated: May 2025

BP Med Limited is a healthcare supplier committed to quality excellence, regulatory compliance, and environmental sustainability. Our operations are guided by internationally recognized standards and UK environmental legislation to ensure that we serve the healthcare sector with integrity and responsibility.

STANDARDS & FRAMEWORKS WE FOLLOW:

- ISO 13485:2016 - Quality Management Systems for Medical Devices
- ISO 9001:2015 - Quality Management Systems
- ISO 14001:2015 - Environmental Management Systems
- UK Environmental Protection Act 1990
- NHS Net Zero Supplier Roadmap
- Public Procurement Notice (PPN) 06/21

OUR QUALITY COMMITMENT:

- Ensure all products and services meet or exceed regulatory and customer requirements.
- Maintain and continually improve an effective Quality Management System (QMS).
- Deliver consistent, safe, and reliable products with full regulatory traceability.
- Conduct regular audits and corrective actions to drive operational excellence.

OUR ENVIRONMENTAL COMMITMENT:

- Minimize waste generation and improve energy efficiency.

- Comply with environmental laws and reduce carbon emissions across our supply chain.
- Integrate environmentally friendly practices in sourcing, packaging, and logistics.
- Raise awareness among staff and stakeholders through training and active engagement.

BUSINESS OBJECTIVES:

- Regularly monitor and review performance targets for quality and sustainability.
- Encourage supplier alignment with our ethical and environmental policies.
- Support NHS goals of reducing environmental impact and improving patient care.
- Embed continuous improvement in every aspect of our operations.

BP Med Limited communicates this policy to all employees and makes it available to stakeholders via our website. The policy is reviewed annually and updated as needed to ensure ongoing relevance and effectiveness.

Signed,

Quisam Ilyas

Director

BP Med Limited
